

RTMM MedEvac Dispatch #E048B

Recommended Vehicle: Heli or Float

Scenery Needed: ORBX PFJ

Nature of Emergency:

- A fishing party boat with 18 passengers has had an explosion and fire while fishing in Kendrick Bay on the Prince of Wales Island. Many burn injuries, some broken bones, several people still in the water. Land-based Fire and Rescue have arrived, but the more critical victims must be stabilized. The Remote Medical Facility at Misty's Place is the closest. Patients will be ferried to that facility (MO31) and once stabilized, transported on to Prince Rupert or Juneau.

Starting Location: Annette Island Airport (PANT)

Heading and Distance: 22.8 NM at 217°

Location of Emergency:

- Waypoint is E048B at Latitude: N54 54.1125, Longitude: W132 6.3521
- Emergency Red Cross displayed for Helipad, Floatplane moves to shore
- [Topo Map](#)

Medical Destination and Way Points:

- Primary Medical Destination is Misty's Place at Waypoint M031B

Special Instructions:

- **Helicopter:** Orange Smoke and temporary red cross on hill above water.
- **Float Plane:** Orange Smoke near the shoreline
