

BWEP Dispatch #P008E

Recommended Vehicle: Amphibian/Helicopter

Scenery Needed:

- Landmark Gap Resort
- BWEP Richardson Highway

Nature of Problem: There was a boating accident on Landmark Gap Lake. The 2 trauma victims have been retrieved from the lake and are at the airstrip behind the lodge waiting for transport to the PAXSON (PAXK) Trauma Center. Broken leg and abrasions for the male, a concussion and abrasions for the female.

Starting Location: Donnelly Dome Airstrip (PF57).

Special Instructions: The way point for Landmark Gap Resort is "LANDG". Put this into your gps and find the quickest route to the site, weather permitting. If you are wheel based or helicopter, land at the airstrip behind the resort and the patients will be at the short road coming from the resort. If you are making a water landing, the patients will be found at the dock of the lodge. Call ahead with your landing intentions. Fly to Paxson (PAXK) watch for orange smoke for patient drop off point the ambulance is there.
