# Yukon River Crossing

This is a "real" location, we did our best to duplicate it from Google Earth. This is where the pipeline crosses the Yukon River. There is a information center and a guest center with a little shopping store. We did "extend" one of the roads a little to turn it into a runway so you can land here and enjoy the location.

Yukon Crossing (BWEP)

Here is the Google Earth Model. You can see we tried to construct this as closely as possible to the real location.

Yukon Crossing Google Earth

The location is right "on" the BWEP Pipeline. This is a part of the Dalton Highway Segment, but you can view this without having BWEP.

Yukon Crossing Ramp: N65 52.78 - W149 43.26 – Mag: 343
Located four miles south of Five Mile Airport FVM

For people traveling up the Dalton Highway, this is a great stop for a snack, for information on the area and fuel. We thought this was a "must add" for this area.

This is an "outlyer" location for the Dalton Highway Segment of the BWEP pipeline but you do not have to have the pipeline to enjoy this location.

Enjoy
Doug Linn/RTMM

============================
DESIGNER CREDITS
Scenery created by Doug Linn
============================
REQUIRED SCENERY
This scenery requires ORBX Global/Vector to work properly. This was created for the BWEP pipeline
project. Having the pipeline scenery will enhance this location for you.
============================
INSTALLATION
Unzip the file to a temporary folder.
Place this scenery areas main folder and it's sub level folder named "Scenery" and all files in that folder
into your FSX/P3D "Addon Scenery" folder.
Start up FSX or P3D
Go to "Settings"
Then to "Scenery Library"
Click on "Add Area"
Click on "Addon Scenery"
Locate the newly installed folder for this package you just moved into your "Addon Scenery" folder of
FSX/P3D
Click on the main folder only. You do NOT need to open the "scenery" folder.
Then click on "OK"
And then "OK" again.
FSX/P3D should begin to recompile your scenery library.

SNOW DOG TOURS NOTAM
 If you have Snow Dog Tours, be sure to re-download the latest Snow Dog Tour B – Part 1. (Dated 2018). If you do not need Snow Dog Tours, but it is recommended as the objects show at several of the airports we are updating.
==
OBJECT LIBRARY
Be sure you have downloaded the latest BWEP Object Library found on the BWEP page or on the
Object Library Page. Dated at or later than 11.21.2016.
The flight plan is located in RTMM Flight Plans.zip that you can download from the Here2There page.
"To Lodge at Black Rapids from Fairbanks.pln" It's a VFR flight plan to the location up over

Valdez

Glacier from Valdez. Then you can call this up in FSX using the flight planner and have a flight plan
on the aircraft GPS to help guide you to this destination. That's it.
